> \$200	per transaction 3%

CITY OF WILLITS  
RATES AND FEES SCHEDULE  
FISCAL YEAR 2016/17

SEWER FUND (Continued)	FY 16/17
<b>Strength Factors</b>	
All non-residential customers shall be charged based on the strength of their wastewater, as follows:	
<p><u>Low Strength</u> - Wastewater with strength characteristics, in terms of biochemical oxygen demand (BOD) and suspended solids (SS) of less than wastewater discharged by residential customers. Strength factor of 0.8 for rate calculation. Includes institutional, laundromats, carwashes and other low strength dischargers.</p>	
<p><u>Domestic Strength</u> - Wastewater with strength characteristics, in terms of BOD and SS comparable to wastewater discharged by residential customers. Strength factor of 1.0 for rate calculation. Includes most customers such as retail, office, general, hospitals and convalescent homes, medical office, hotels and motels, and mobile home parks.</p>	
<p><u>High Strength</u> - Wastewater with strength characteristics, in terms of BOD and SS of more than wastewater discharged by residential customers. Strength factor of 1.7 for rate calculation. Includes supermarkets, restaurants, bakeries and mortuaries.</p>	
<b>Rate Calculation</b>	
An amount determined by applying the following rates to the annual wastewater flow for each commercial/industrial account:	
Low Strength/per hundred cubic feet (hcf)	\$ 6.93
Domestic Strength/per hcf	\$ 8.45
High Strength/per hcf	\$ 13.25
<b>Annual Charges - Mixed Use, Non-Residential</b>	
The annual charge for mixed use, non-residential customers on a single water meter shall be determined by estimating water use by each strength category and developing a blended strength factor for each account. That blended strength factor will then be applied to the domestic strength rate (residential) to determine the annual charge.	
<b>Annual Charges - Commercial on Master Meter</b>	
The annual charge for commercial customers served by a master meter, all of whom are within the same strength category as described above, shall be based upon winter water use, annualized, and applied to that strength category's rate, with the minimum charge per account (not occupant) of one EDU.	
<b>Annual Charges - Multiple Parcels on One Meter with Non-Residential Uses</b>	
The annual charge for a parcel served by multiple water meters shall be based upon the sum of winter water usage, annualized, of all meters serving said parcel and applied to the appropriate strength factor.	

CITY OF WILLITS  
RATES AND FEES SCHEDULE  
FISCAL YEAR 2016/17

WATER FUND		FY 16/17
